Heralding The Debut Of New Fall Modes

RIGHT now "The Popular" — your store-is in readiness to disclose the accepted fashions for Fall. Not only to show, in broad variety, what is correct in styles, but to offer garments of individuality and exclusiveness such as can be obtained only in a very limited number of the smartest shops in the United States.

An inviolable rule of "The Popular" is to show nothing until it has passed Fashion's censorship. There are never any tryouts, never any

near styles, never anything for a person to buy and find later they have selected the wrong thing.

Another characteristic of "The Popular's" garments is their exclusiveness. Every carefully dressed woman strives to get away from a similarity in clothes, so "The Popular" specializes in exclusive styles, which will give to each person-in-

Stocks are now full and satisfying, but not absolutely complete. They never are, for each day merchandise is sold and each day new merchandise comes in. The stock is ever changing. If one day you do not happen to see just what you desire it is probable the following day you will.

Women On The Stage **Prefer Gossard Corsets**

N the past few years thousands of actresses, singers, and their more active sisters—the chorus girls-have decided on Gossard Corsets, and wear them in preference to all others. Especially is this true of movie actresess. Few vocations are more exacting than is the American stage.

Bodily freedom, yet perfect figure beauty, regardless of figure type, is always demanded by an audience, and we have the word of thousands of actresses that in a front-lacing Gossard Corset they are better able to perform their arduous roles in perfect ease and comfort. The greatest tribute they pay a Gossard is that they believe it is the correct foundation for their outer wearing apparel.

PatriaSuits

WE herewith wish to announce that some months ago this store contracted to be the sole agents and representatives for the soon-to-be-celebrated collection of Patria Suits, and it is with pleasure we announce that we will exhibit for the first time in our suit section these masterpieces of the Tailor's Art.

In Explanation

As to what Patria means and the importance of this event, we will say: Patria is a copyrighted name given to a certain collection of fifteen Women's and Misses'

The getting together of this collection, to the best of our knowledge, marks an epoch and will go down in suit history as representing the most lavish expenditure of energy, time, money and display of

Why Patria Suits Are Destined To Become Famous

The answer is because the institution in New York that is responsible for the creating of this particular collection is considered today the most authoritative style creator in this country, and it is the only institution of its kind having the courage of its conviction to stand firm in its resolve to put its entire resources and reputation to the creating and manufacturing of suits-and exclusive suits only.

In this Patria collection of fifteen suits you will find embodied the ground work and very foundation of the coming fall suit styles.

We take this means of extending to our patrons a very cordial invitation to attend this event, for it will be both instructive and interesting.

If you do not find the color and kind of material you wish, look over our book of swatches and fashion plates and we'll make you a suit to order. —(Fifth Floor)

"You are in style when you are in a Gossard," said a prominent actress, and her statement is literally true. There are Gossards for every figure type-there are many that were designed for YOUR figure. Be fitted here Monday. Tedra Mortanaa, Com. 2,007—Hobert Lincoln Harper, St. 2,473—Facundo Ribera, 915 S.
